

MANUFACTURING & INDUSTRIAL

Stop Chasing Drawing Revisions and Approval Emails

Every revision. Every plant. Nothing leaves home.

Engineering, quality, and supplier documents, controlled inside the Microsoft 365 you already have. ECNs, SOPs, CAPAs, and supplier certificates in one governed system, audit-ready every day.

 **ECN-1042 approved**
Design → Quality → Production

14M

documents governed in a single Microsoft 365 tenant for one chemical manufacturer

70%

better document security and search for an automotive manufacturer

80%

cost savings vs. custom SharePoint and Power Platform workflow development

SOUND FAMILIAR?

Where Manufacturing Documents Break Down

The floor works from an old revision

A drawing changes, but printouts and shared folders don't. Scrap and rework follow.

Approvals live in email

ECNs, deviations, and POs stall in inboxes, and no one can prove who signed off.

Audits mean a week of rebuilding

SOP versions, training proof, and CAPA records are scattered across drives and Teams.

WHAT TITAN DOES FOR MANUFACTURERS

Five Capabilities, One Platform, Your Tenant

A Engineering Document Control

- Drawings, BOMs, and specs with full revision history
- Released-revision control; superseded revisions marked obsolete
- No-code ECN/ECO approval workflow

B Supplier Quality Portal

- Branded guest portal inside your M365 tenant
- Certificates, CoAs, PPAP and FAI packages, SCARs
- No per-user license for suppliers

C Quality & Compliance

- Controlled SOP and work instruction library
- Read-and-understood records per revision
- NCR, CAPA, 8D, and deviation workflows

D Process Automation

- Management of change, deviation, PO, and capex approvals
- Inspection checklists, calibration sign-offs, incident reports
- E-signatures and Power BI dashboards, no developers needed

E Frontline & Shop Floor Access

- Current SOPs and work instructions on any phone, tablet, or kiosk
- Library filtered by line, plant, or role
- Plant announcements and task tracking inside Microsoft Teams

ACROSS EVERY VERTICAL

One Platform for Every Kind of Plant

Automotive & Components

IATF 16949 · APQP · PPAP

Control plans, PFMEAs, PPAP packages, 8D reports

Running on Titan

TVS Motor · JTEKT · Sona · Victora Auto

Aerospace & Space

AS9100 · AS9102

Configuration-controlled drawings, first article inspection reports

Running on Titan

Astrolab (US)

Electronics & Tech Hardware

ISO 9001 · ISO 14001

Product specs, ECNs, test reports, supplier certificates

Running on Titan

Corsair (US) · Tejas Networks

Energy & Batteries

IATF 16949 · ISO 45001

Process SOPs, work instructions, safety procedures

Running on Titan

Amara Raja Energy & Mobility

Chemicals & Agrochemicals

ISO 9001 · 14001 · 45001

SDS, batch records, management of change, CoAs

Running on Titan

Gujarat Fluorochemicals · Deepak · Neogen · Adama

Pharma & Life Sciences

GMP · GxP

SOPs, batch records, change control, training acknowledgments

Running on Titan

Aurobindo Pharma · Bharat Serums

Packaging & Materials

ISO 14001 · ISPM 15 · FSC

Chain-of-custody records, supplier certificates, policies

Running on Titan

AGI Greenpac · Kronus (Latvia) · JK Cement

Industrial Equipment

ISO 9001 · ISO 45001

Drawings, BOMs, ECNs, inspection and test plans

Running on Titan

Avery India · Pix Transmissions

CUSTOMER SUCCESS STORY · CHEMICAL MANUFACTURING

Gujarat Fluorochemicals Governs 14 Million Documents in One Microsoft 365 Tenant

14M

documents in one governed system

0

files moved to a third-party cloud

- ✓ Replaced scattered OneDrive folders, Teams files, SharePoint sites, and local file servers
- ✓ Moved SOP drafting, review, and approval out of email into a structured workflow
- ✓ Standardized 8D non-conformance and corrective action, with every step logged for audits

WHY TITAN

Why Manufacturers Choose Titan

- ✓ **Your tenant, your data.** Nothing leaves your Microsoft 365 environment.
- ✓ **No-code.** No developers for SharePoint or Power Platform.
- ✓ **Works alongside ERP and CAD.** Titan governs the documents around them.
- ✓ **Suppliers join as guests.** No extra licenses, no separate portal.
- ✓ **Microsoft Entra ID.** Your existing sign-in and permissions.
- ✓ **Audit-ready daily.** Evidence for ISO 9001, IATF 16949, AS9100.

Every revision. Every plant. Nothing leaves home.
